KPG roofings provide you with the finest quality roofing tiles to color your dream home. We have several ranges of products with variety of designs and color. At KPG, we believe in quality and customer satisfaction. So unlike our competitors we provide high-quality AAA graded tiles only at an affordable price.

We provide valuable customer support and unload the consignment directly at your doorstep. We offer different models of roof tiles suiting your budget level, so everyone can get a piece of our fine crafted products for their home. We sell directly to the customers without any middle men. This helps us to reduce the cost and ensure that the customer gets the product at the cheapest price available in the market. We also connect you with qualified experts for installation of the roofing tiles. We hope to provide everything you needs for the roof care of your home under a single trustable name.

► Mission

Making the construction of their dream home easier for people of all grades of the society by providing them with quality materials in their budget range

► Vision

Provide customer satisfaction combining quality goods and enthusiastic service, and converting our clients into our potential brand ambassadors.
